Equality Information and Objectives Statement Policy No 14

Policy led by: JMC Reviewed: Oct 2021 Next review: Oct 2025

Introduction

This statement outlines the commitment of the staff, Governors and Trustees to promote equality within the school community. This involves tackling the barriers that could lead to unequal outcomes so that there is equality of access, and the diversity within the school community is celebrated and valued.

We believe that equality at our school should permeate all aspects of school life and is the responsibility of every member of the school and wider community. Every member of the school community should feel safe, secure, valued and of equal worth. At Hartismere School, equality is a key principle for treating all people the same, irrespective of their gender, ethnicity, disability, religious beliefs/faith tradition, sexual orientation, age or any other of the protected characteristics (Equalities Act 2010). This also extends to students affected by home circumstances, for example, young carers and those from low income families.

This statement has been drawn up as a result of consultation with staff, students, parents, stakeholders, Governors and Trustees and has been shared with the whole school community.
